# Population Projections for South Carolina by County

## South Carolina State Data Center

**DIVISION OF RESEARCH & STATISTICAL SERVICES**

Rembert C. Dennis Building, Room 350, 1000 Assembly Street  
Columbia, South Carolina 29201

**POPULATION PROJECTIONS FOR  
SOUTH CAROLINA BY COUNTY  
1990**

**South Carolina State Data Center**

**December 21, 1982**

**Price: \$3.00**

**Note:** The methodology used was designed to project South Carolina's population structure at ten year intervals from the base year 1980. State and county totals were determined by a shift-share process. Then birth, death and migration rates were calculated for a ten year period. These rates were applied to the base 1980 Census population detail to obtain a preliminary projection. These projections were benchmarked to agree with the shift-share county totals and are as of July, 1990.
